## Beacon Communities Honored at Tobacco Free Mass Awards

**Boston, MA, 11/28/17** – This November, Beacon Communities was honored by Tobacco Free Mass at their annual awards program for dedication to making Massachusetts tobacco free. Beacon Communities' commitment and leadership in smoke-free housing and environments has made a positive impact on the health of its employees and the residents they serve. Beacon is one of few property management companies that has a smoke free policy across the entire portfolio.

As a private company serving both affordable and market populations, Beacon's smoke free policy has served as a model for other real estate companies. Beacon's Learning Director Chris Salamanis accepted the award honoring Beacon for making a positive impact at the recent Tobacco Free Mass awards.

Tobacco Free Mass is Massachusetts' statewide coalition dedicated to fighting tobacco and nicotine and their devastating effects. Their members are public health entities, hospitals, businesses, health care providers, and private citizens. Their coalition was formed nearly 25 years ago with the goal of ending the tobacco burden in Massachusetts.

Beacon is a privately owned real estate firm that develops, acquires, invests in, and manages a wide range of multi-family housing. Our portfolio includes affordable housing, market rate housing and mixed income-housing. Our developments range from new construction, to historic adaptive reuse, to the renovation of existing housing. We take on challenging developments and make them succeed. Our driving passion is to create well-designed, healthy homes that improve the quality of life of our residents and enhance the neighborhoods in which they are located.
